THE GREEN YEARS

LULING EXPERIENCES ERA OF GROWTH

Luling has been experiencing a slow growth for the past few years. This last year, extensive construction has caused the once barren fields to become the sites of ultra-modern homes and wide streets.

New businesses have moved in, bringing with them families who have in turn increased our school enrollment. But, with the arrival of these new families, a problem of housing has arisen. In order to solve this problem, apartments have been constructed.

A growing community must also accommodate the medical needs of its occupants. This, too, has been improved by the erection of our lovely hospital, and the addition of new personnel in the field of medicine.

For those traveling through Luling, the once lacking tourist facilities have been improved and enlarged. This has been helped by the remodeling of restaurants and motels and also the addition of a new motel.

For the sports minded, a bowling alley has been completed to add to the recreational facilities of the town. This is not the only improvement. Among the long list of improvements comes the remodeling of the picture show. New additions there now make a trip to the movies much more comfortable and enjoyable.

These are only a few of the many, many new establishments and improvements in Caldwell County and the city of Luling. There are many more to be completed and more to come. We hope our once little community will continue to prosper and grow, for, "Progress is the activity of today and the assurance of tomorrow."- Emerson.

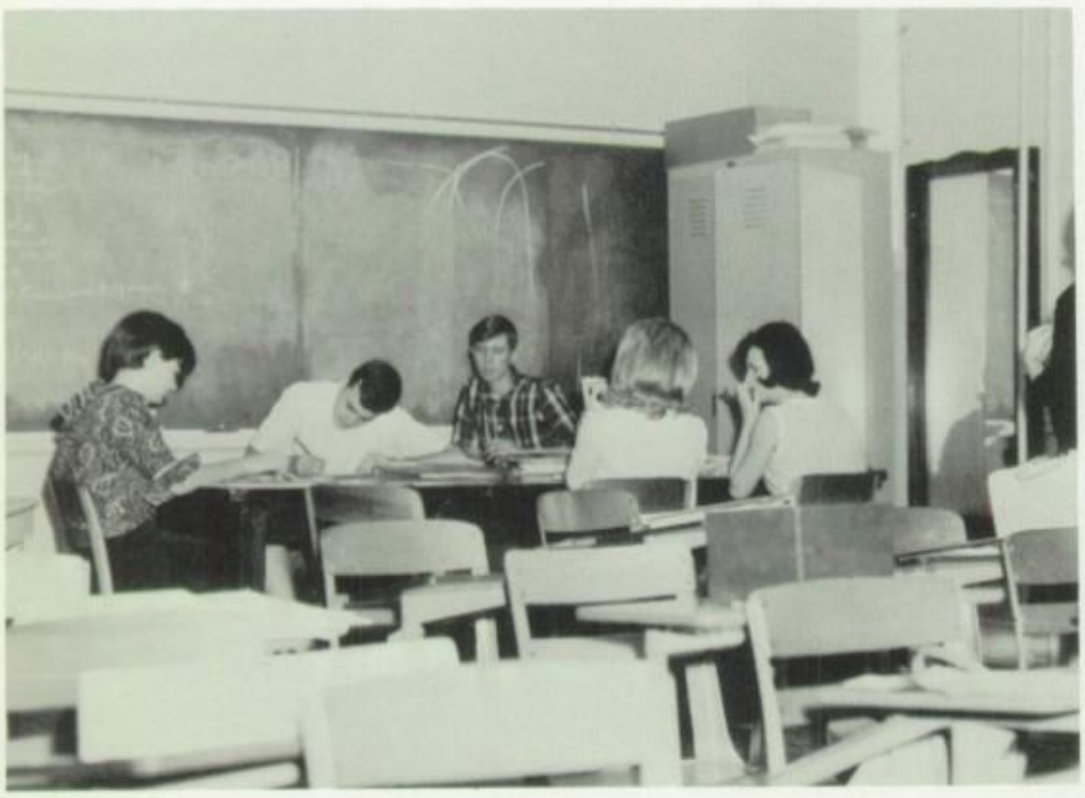
THE EDITOR SPEAKS . .

The annual staff proudly presents Luling High School's 1965-66 AQUILA. The theme is "The Green Years." Green years are considered to be growing years, and the many years spent in the Luling school system are filled with growth and learning.

Each of us began as a small twig, but as the years passed, we progressed and developed. Now, as we stand on the threshold of maturity, we, like a wise old spreading oak, shall branch out into various walks of life, leaving behind our childish fantasies.

It is our hope that we have successfully captured the outstanding events of this school year, for these are the memories which will live with us forever.



If only I had learned how to crop pictures . . .

To the Annual Staff, the Faculty, Patrons and Friends of the Luling Public Schools:

Another school year is over - it cannot be re-lived - mistakes made cannot be changed - the good things that have happened cannot be improved upon. We all can only look back on the year just past and hope to profit from the experiences each of us had.

Each of us realizes that during this past school year, many things happened in our school for the first time. We live in a time of change - rapid change - and the Student Body and Faculty are in the forefront at all times.

On behalf of the Board of Trustees and the Patrons of the Luling Ind. School District, I want to congratulate each of you for your assistance, your consideration of the many problems each of you faced and your willingness to "get on with the job at hand."

Very truly yours,

R. D. Evans

My congratulations go out to the sponsor, editor, and annual staff for a magnificent job of recording the school year 1965-66. This record of this school year will be treasured dearly by many, especially the seniors who will be parting ways with us and referring to us as "back home." We certainly hope that we have given these students a sound enough education and enough pride to want to remember us as being instrumental in their development as good honest law abiding citizens with a deep sense of loyalty to their country, church, school, and home.

Mrs. Cecelia Tiller
Secretary

The responsibilities are many for students in this day and age. There are many decisions which affect students' lives that have to be made at a lot earlier age. Whether a student wants a higher education or not must be decided much earlier in a student's career than several years ago. Therefore, students must take their education a lot more seriously to make these all important decisions at such an early age.

There are many world and national problems facing our youth today as they prepare for adult life. You as students cannot let yourselves become discouraged. You must become all the more determined to be a patriotic responsible citizen with courage and faith enough to defend your country and your way of life.

As Dr. Joseph Warren, a Major General killed in action at Bunker Hill, on June 17, 1775, had so ably put it in preparing his men for that battle -- "Our Country is in danger, but not to be despaired of -- on you depend the fortunes of America. You are to decide the important question, on which rest the happiness and liberty of millions yet unborn. Act worthy of yourselves."

Senior Class Prophecy

Imagine in front of all of us a magic mirror. Peering into this mirror we see the reflections of the future of the unique seniors. You are all unique because there will never again be Luling Seniors 1966. Look into the mirror with me and let's see how your future will be in about twenty years.

Look, there is Steve Morris. Steve will be a great bowler and still look like Baby Hewey. Ronnie Tresner, a famous hair stylist in Hollywood, will have many important stars for his clientele, such as Lassie and Mr. Ed. Jann Stokes and Mary Ann Seay will be great operatic stars singing at those famous halls--Carnegie, American Legion, and Turner. Ada Satterwhite will have replaced Huntley and Brinkley as newscasters and will have achieved her high goals. Tom Wilson will have replaced his plastic fire hat for the real thing and will be combination fireman, lawman, and LCB officer. Arnulfo Alonzo will be a famous band director, hauling instruments. Mr. Dye will still be wondering how he made it through the year 1966. James Delaney, named one of the ten Best Dressed by the tie industry, will continue to wear an assorted collection of ties. Barry Carter and Henry Patterson will be guides for other South-of-the-Border vacationers. James Hubbard will be a champion weight lifter. Mercy Cabiness and Virginia Johnson, because of their outstanding success in algebra, will be brilliant mathematicians. Eugene Lightsey will still have his Triumph stalled at the Dairy Mart. Robert Shearer will be a great baseball star playing for that famous team, the New York Mets. Stanley Ross will still be Coach Milford's pet. Ann Glass, because of her high school beauty honors, will be a national beauty queen. Robert Lee will be a great track coach for his most favorite college--A&M. Rheanne Hall will still be waiting for that certain someone to pop the big question. Donnie Tresner will still be "with the boys" avoiding that question. William "Speedy" Thomas will be an Olympic track coach. Kenneth Steele will still have red hair and freckles and be called "Roach." Chuck Churchwell, Mike Gideon, and Jake Schakel will be consultants for that well-read magazine PLAYBOY. Jeannette Freeman, Henry Simmons, Cecelia Hubbard, and Bobby Williams will all be college English teacher. Kay Brown will continue to be date bait, but will still be going to the Moods dances waiting for that certain someone to dance with her three times. Shirley Gardner will be named Librarian of the Year with Sherry Woods her able assistant. Royal Solomon, having the reputation of a lady's man, will continue to rob cradles. Donald Wade will finally become a football star. Carol Colwell will be a teacher of her favorite subject--Texas History. Richard Springs, because of his wonderful career as a high school ag enthusiast, will be U. S. Secretary of Agriculture. Edward Trevino will own a chain of wayside inns called Trevino's Taverns. Tom Blackwell, Buster Burris, and George Cole will have replaced "The Little Ole Winemaker". Nelda Hall and Mary Lee Cheatham will still be GO-GO girls for Seniors 66 A'GO-GO. Beau Gips will be the allergic president of Kleenex Incorporated. Sharon Fitch will own Columbia Records and will have the Beatle Junior on contract. Farlenia Hardeman will be a singing sensation with her new hit "Farlenia Makes the World Go Round." Mrs. Hinds will still be reminiscing about those wonderful Seniors of 1966. Edwin Slater, being a great debater, will gain the law office making it Slater and Son and Son. Jimmy Wright will still be playing a hillbilly. Georgia Youngblood, because of the great success of her senior play role, will replace Granny on the Beverly Hillbillies. Gerald Fairchild, with his watermelon patch, will reign as the "Watermelon King of Luling." Cathy Carpenter will still be running around with the fellow in the greenish-yellow Volkswagon. James Howard and Leroy Opiela will be champion bingo players of the world. Lynette Sanders will be a novelist with her latest success entitled, GONE WITH THE LEAVES. Ricky Cornelius will be a star trombonist in the New York Philharmonic Orchestra.

Carolyn Burfeind will be the mermaid that is washed ashore to do the hair cream commercials. John Cleaveland will be a judo and karate expert of the world. James Rodriguez, Billy Sheppard, and James White will become the drag racing kings of the jet set. Tyre Brown will have replaced "Bell" Dickerson as speech teacher of the week. Janet Wood, Darlene Etheredge, Linda Meager, and Joyce Watts will do convincing commercials for Sego. Jerry Doyle will still be a sportswriter for that widely circulated Eagle's Cry. Olga Richie and Gwendolyn Wright will be named Office Workers of the year. David Scott and Tom Baker will own grocery stores, but will continue to knock over displays. Jerlene Garcia will be a famous basketball coach. Gary Wofford will own a chain of filling stations called "Gary's Gas" and "Wofford's Wash". Johnnie Johnson will be a famous singer doing her new show "Color Me Johnnie" to nation-wide television. Lynda Alexander will follow in the footsteps of her favorite teacher and become a homemaking teacher. David King, beacuse of his high school career as an editorial writer, will have given it up. And Mr. Cloud will still be teaching and giving his soap box lectures, and there will probably be a whole bunch of little Clouds floating around.

With that thought, our magic mirror shatters, ending our interesting glance into the future of the wonderful Seniors of 1966.

The Texas Industrial Arts Students Association is an organization of, by and for students enrolled in industrial arts courses in the secondary public schools of Texas.

As an integral part of the general education program in Texas public schools, industrial arts provides laboratory, research, experimental, organizational and leadership activities for students.

The IASA is an avenue by which good leadership training is provided. It is an extra-curricular activity, but should be an important segment of the industrial arts program.

Through IASA work, students learn how to conduct and take part in meetings, how to speak before groups, how to compete as individuals, each depending upon his own abilities. They learn the value of fair play, citizenship, wholesome recreation and the necessity for being honest and loyal to others.
